Curriculum
2014-15 Work Plan

Vision:

Vertical & horizontal alignment of preK-12 curriculum that prepares all learners for college or career readiness.

Annual/Short Term SMART Goal:

To have all required information recorded on the curriculum map so it can be used as a tool that initiates discussion, using a common language to drive instruction and assessment. For each class offered, the curriculum map will include all required information, including Tier III vocabulary, in all columns 17 of the curriculum mapping template.

Action Steps:

1.) District PD committee allocates mapping time to complete required information during specified PD days.

2.) Inform staff of the curriculum mapping expectations and timeline for 2014-15.

3.) Documentation of all required information on curriculum map template

4.) Begin discussions regarding horizontal alignment within each grade/department in each building.
