#### **Independent Auditor's Report**

To the School Board Independent School District No. 879 Delano, Minnesota

#### **Report on the Audit of the Financial Statements**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 879, Delano, Minnesota, as of and for the year ended June 30, 2022, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

In our opinion, the accompany financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 879, Delano, Minnesota, as of June 30, 2022, and the respective changes in financial position thereof, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Independent School District No. 879 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter – Implementation of GASB 87**

The District has adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

The management of Independent School District No. 879 is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, which follows this report letter, and Required Supplementary information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information identified in the Table of Contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information and the Schedule of Expenditures of Federal Awards is/are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2022, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Minneapolis, Minnesota November 10, 2022

Bergan KOV Ltd.

This section of Independent School District No. 879, Delano Public Schools' annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2022. Please read it in conjunction with the District's financial statements, which immediately follow this section.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year (2021-2022) and the prior year (2020-2021) is required to be presented in the MD&A.

#### **Financial Highlights**

- General Fund 01: The overall fund balance decreased by \$774,661.
- Food Service Fund 02: The overall fund balance increased by \$378,483.
- *Community Service Fund 04:* The overall fund balance increased by \$79,419.
- *Debt Service Fund 07:* The overall fund balance increased by \$7,821.

#### **Overview of the Financial Statements**

The financial section of the annual report consists of three parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section) and the basic financial statements. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The following outline shows how the various parts of this annual report are arranged and related to one another.

- A. Management's Discussion and Analysis
- B. Basic Financial Statements
  - 1. Government-Wide Financial Statements
  - 2. Fund Financial Statements

#### **Overview of the Financial Statements (Continued)**

#### Government-Wide Financial Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources – are one way to measure the District's financial health or position.

• Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.

To assess the overall health of the District, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements, the District's activities are shown in one category:

• *Governmental activities* – Most of the District's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance most of these activities.

#### Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that is properly using certain revenues (e.g., federal grants).

The District has two kinds of funds:

- *Governmental funds* Most of the District's basic services are included in governmental funds, which generally focus on:
  - (1) How cash and other financial assets that can readily be converted to cash flow in and out, and

#### **Overview of the Financial Statements (Continued)**

#### Fund Financial Statements (Continued)

#### Governmental funds (Continued)

- (2) The balances left at year-end that are available for spending.
- Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- **Fiduciary funds** The District is the trustee, or fiduciary, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

#### Financial Analysis of the District as A Whole

#### Net Position Table A-1

	Government	Percentage	
	2022	2021	Change
Current and other assets	\$ 23,311,185	\$ 23,349,854	-0.17%
Capital assets	77,904,304	79,933,818	-2.54%
Total assets	101,215,489	103,283,672	-2.00%
Deferred outflows of resources	7,340,035	8,519,601	-13.85%

#### Financial Analysis of the District as A Whole (Continued)

#### District's Revenues

The District's total revenues were \$38,563,983 for the year ended June 30, 2022. Property taxes and state aid-formula grants accounted for 69% of total revenue for the year. (See Figure A-1). The remaining 31% came from other program revenues (charges for services and operating and capital grants and contributions), investment earnings and other.

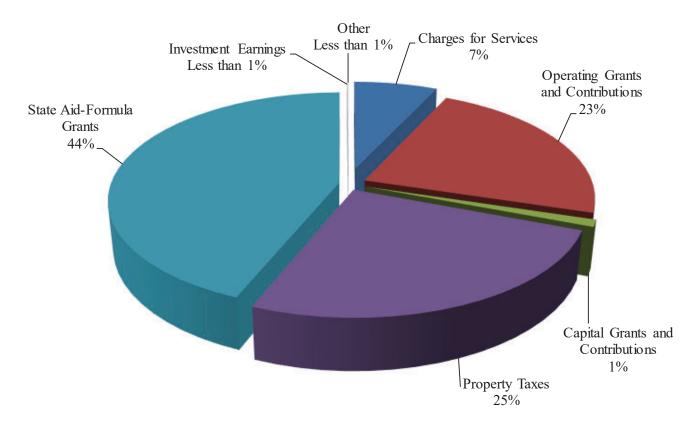

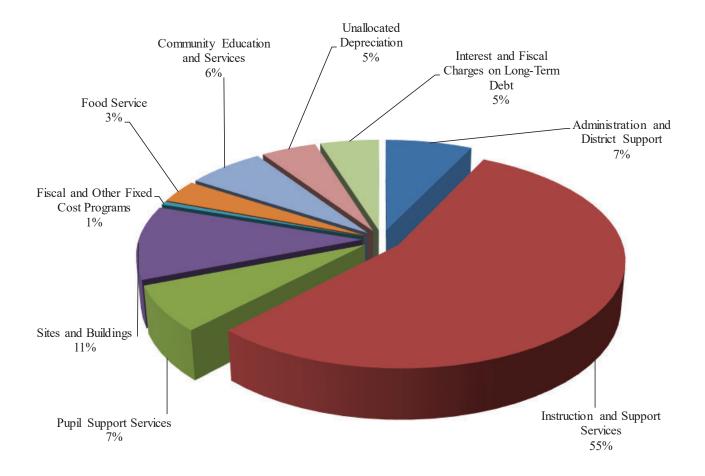

Figure A-1 Sources of District's Revenues for Fiscal 2022

#### Financial Analysis of the District as A Whole (Continued)

#### District's Expenses

Figure A-2 District Expenses for Fiscal 2022

The total costs of all programs and services were \$35,981,939 for fiscal year 2022. The District's expenses are predominately related to instruction and pupil support services (62%). (See Figure A-2.) Interest and fiscal charges for the District's bonds account for another 5%, and 11% accounts for the facilities maintenance needs of the entire district.

The cost of all governmental activities this year was \$35,981,939.

- Some of the cost was paid by the users of the District's programs \$2,674,672.
- The federal and state governments subsidized certain programs with grants and contributions \$9,212,145.
- Most of the District's costs \$24,095,122, however, were paid for by District taxpayers and the taxpayers of the State of Minnesota.

#### Financial Analysis of the District as A Whole (Continued)

#### District's Expenses (Continued)

Typically the District does not incorporate funds allocated to direct instruction as part of an analysis of expenditures in all governmental funds. Funding for general operation of the District is controlled by the state and the District does not have latitude to allocate money received from entrepreneurial-type funds like Food Service and Community Education. Therefore, a more accurate analysis would be limited to the allocation of resources received for the general operation of the District and would show that 62% of those resources are spent on instruction and support services associated with education.

Table A-3 presents the total cost of governmental activities, as well as the cost of those activities. The net cost represents total cost less program revenues applicable in each category.

			Total Percentage			Total Percentage
	Total Cost	of Services	Change Net Cost of		of Services	Change
	2022	2021	2021-2022	2022	2021	2021-2022

#### Financial Analysis of the District's Funds

#### **Governmental Funds**

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of \$10,149,296, for a decrease of \$308,938 over last year's ending fund balance of \$10,458,234.

Revenues and other financing sources for the District's governmental funds were \$38,559,390, while total expenditures and other financing uses were \$38,868,328, for a negative net change of \$308,938.

#### General Fund

The General Fund includes the primary operations of the District in providing educational services to students from pre-kindergarten through grade 12 and beyond, including transportation services and capital outlay projects.

General Fund revenues are outlined in Table A-4 below:

#### Summary of General Fund Revenues Table A-4

	Year Ended		Amount of	Percent
	June	e 30,	Increase	Increase
	2022	2021	(Decrease)	(Decrease)
Local Sources				
Property taxes	\$ 4,503,457	\$ 4,364,714	\$ 138,743	3.18%
Other local and county sources	1,210,949	810,155	400,794	49.47%
State sources	22,825,476	22,432,234	393,242	1.75%
Federal sources	537,194	1,228,965	(691,771)	-56.29%
Sales and other conversion of assets	1,643	768	875	113.93%
Total General Fund revenue	\$ 29,078,719	\$ 28,836,836	\$ 241,883	0.84%

Revenues from the General Fund totaled \$29,078,719, an increase of .84% over the preceding year. Basic general education revenue is determined by multiple state formulas, largely enrollment driven, and consists of an equalized mix of property tax and state aid revenue. Other state-authorized revenue, including excess levy referendum, involves an equalized mix of property tax and state aid revenue. The mix of property tax and state aid can change significantly from year to year without any net change on revenue.

State sources of revenue increased due to an increase in enrollment. Other local and county sources increased due to increased gate revenue and donations. Due to COVID in the prior year, spectators were not allowed. Federal sources decreased due to COVID-19 federal grants directly from the federal government and passed through to the school district from Wright County and the City of Delano in the prior year.

#### Financial Analysis of the District's Funds (Continued)

#### General Fund (Continued)

General Fund expenditures are itemized in Table A-5:

## Summary of General Fund Expenditures Table A-5

	Year Ended			mount of	Percent
	June	e 30,	Increase		Increase
	2022	2021	(Decrease) (De		(Decrease)
Salaries	\$ 15,581,865	\$ 15,449,461	\$	132,404	0.86%
Employee benefits	6,411,943	6,240,668		171,275	2.74%
Purchased services	4,850,343	4,967,777		(117,434)	-2.36%
Supplies and materials	1,712,946	1,455,170		257,776	17.71%
Capital expenditures	786,740	1,042,857		(256,117)	-24.56%
Other expenditures	509,689	491,819		17,870	3.63%
Total General Fund expenditures	\$ 29,853,526	\$ 29,647,752	\$	205,774	0.69%

Total General Fund expenditures increased by \$205,774 or 0.69% over the previous year.

Salaries and benefits increased due to positions that were added under federal CARES/ARP grants; the positions are only in place for the length of the federal grants, as well as one-time retiree health benefits reflected in 2021-2022. Purchased services decreased due to contracted repairs for hail damage to rooftop units on the Elementary School and High School in the prior school year. Supplies and materials increased due to increased natural gas costs and federal purchases of technology devices. Capital expenditures decreased due to one-time equipment purchases in the prior year using COVID federal grant funds.

In 2021-2022, the General Fund recorded a decrease of \$774,661. The unassigned fund balance closed at \$4,493,020, which is 15% of the total General Fund expenditures.

It is the goal of the School Board of Education to maintain an unassigned fund balance of 12% of operating expenditures. For the fiscal year ended June 30, 2022, the District is in compliance with the fund balance goal.

#### General Fund Budgetary Highlights

Actual revenues were \$395,031 under the final budget, a 1.3% variance. Actual expenditures were \$655,257 under budget, which is a variance of 2.1%. The variance between actual and final budgeted revenue amounts was due to budgeting for federal grants that were not fully spent thus revenue was not received in the current year, as well as actual interest and special education aid were lower than projected. The expenditure budget variance is due to unspent federal CARES/ARP grant expenditures, staff development, donated funds, capital and LTFM funds.

#### **Debt Service Fund**

The Debt Service Fund revenues exceeded expenditures by \$7,821 in 2021-2022.

#### **Capital Assets and Debt Administration**

#### Capital Assets

The District investment in capital assets for its governmental activities amounts to \$77,904,304 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment (see Table A-6). Additional information on capital assets can be found in Note 3 of this report.

## Capital Assets - Governmental Activities Table A-6

			Percentage
	2022	2021	Change
Land	\$ 1,022,151	\$ 1,022,151	0.00%
Land improvements	6,027,587	6,027,587	0.00%
Buildings	96,167,795	96,167,795	0.00%
Equipment	3,463,621	3,201,431	8.19%
Leased assets	29,129	-	100.00%
Construction in progress	62,716	-	100.00%
Less accumulated depreciation	(28,868,695)	(26,485,146)	9.00%
Total	\$ 77,904,304	\$ 79,933,818	-2.54%

#### Long-Term Liabilities

At year-end, the District had \$64,357,280 in total long-term debt, a decrease of 5.66% from the previous year, as shown in Table A-7. (More detailed information about long-term liabilities can be found in Note 4 of the financial statements.)

#### **Capital Assets and Debt Administration (Continued)**

#### Long-Term Liabilities (Continued)

## Long-Term Liabilities Table A-7

	2022	2021	Percentage Change
General obligation bonds payable	\$ 61,565,000	\$ 64,850,000	-5.07%
Bond premium payable	2,221,621	2,521,735	-11.90%
Lease	13,790	-	100.00%
Financed purchase	188,869	458,084	-58.77%
Special assessments payable	368,000	386,400	-4.76%
Total	\$ 64,357,280	\$ 68,216,219	-5.66%

#### **Factors Bearing on the District's Future**

The District has continued to spend down the fund balance due to budget reductions over the past three years. The district asked for an increased operating levy referendum in November 2021 but the vote failed. The 2022-2023 school year is the last year of revenue for the current operating referendum that is in place. The district will have two questions on the ballot in November 2022. Question 1 will ask for a \$200 increase to be added to the expiring operating referendum and an additional \$250 to be approved on question 2. A five-year financial planning program will continue to be used as a tool in long-term financial planning.

Enrollment will continue to be monitored; enrollment in 2021-2022 increased by 36 students from 2020-2021 but the district had been anticipating more students returning from the non-public and homeschools that some families had opted for in the prior year due to COVID-19. Enrollment in the 2022-2023 school year has increased by 30 students from the prior school year.

Finally, the District will continue to strive to achieve its mission statement of "Systemic growth toward educational excellence for every learner".

#### **Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Delano Public Schools ISD #879, Attention: Business Manager, 700 Elm Avenue East, Delano, MN 55328.

# Independent School District No. 879 Reconciliation of the Balance Sheet to the Statement of Net Position - Governmental Funds June 30, 2022

Total fund balance - governmental funds	\$ 10,149,296
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Equity interests in underlying capital assets of joint ventures are not reported in the funds because they do not represent current assets.	
Equity interest in joint venture - Wright Technical Center	148,714
Capital assets used in governmental activities are not current financial resources and, therefore, are	
not reported as assets in governmental funds.	
Cost of capital assets	106,772,999
Less accumulated depreciation/amortization	(28,868,695)
Long-term liabilities, including bonds payable, are not due and payable in the current period and,	
therefore, are not reported as liabilities in the funds.	
Long-term liabilities at year-end consist of:	
Bond principal payable	(61,565,000)
Lease liablity	(13,790)
Financed purchase	(188,869)
Special assessment payable	(368,000)
Net premium on bonds payable	(2,221,621)
Vacation payable	(51,061)
Total OPEB liability	(4,099,847)
Net pension liability	(11,575,503)
Deferred outflows of resources and deferred inflows of resources are created as a result of various	
differences related to pensions and OPEB that are not recognized in the governmental funds.	
Deferred inflows of resources related to pensions	(18,696,187)
Deferred outflows of resources related to pensions	6,873,508
Deferred inflows of resources related to OPEB	(485,662)
Deferred outflows of resources related to OPEB	466,527
Delinquent property taxes receivables will be collected in subsequent years, but are not available	
soon enough to pay for the current period's expenditures and, therefore, are deferred in the funds.	362,523
Governmental funds do not report a liability for accrued interest on bonds and capital loans until	
due and payable.	(805,132)
Total net position - governmental activities	\$ (4,165,800)

# Independent School District No. 879 Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities Governmental Funds Year Ended June 30, 2022

Net change in fund balances - total governmental funds	\$ (308,938)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Net income from the equity interest in a joint venture does not provide current financial resources and its not reported as revenue in the funds.	17,234
Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the estimated useful lives as	
depreciation/amortization expense.  Capital outlays	351,984
Depreciation/amortization expense	(2,410,627)
Vacation and severance payable are recognized as paid in the governmental funds but recognized as the expense is incurred in the Statement of Activities.	503
Principal payments on long-term debt are recognized as expenditures in the governmental funds but as an increase in the net position in the Statement of Activities.	3,587,954
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and thus requires use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	47,087
Premiums and discounts are amortized over the life of the bond on the statement of net position.	300,114
Net OPEB are recognized as paid in the governmental funds but recognized as the expense is incurred in the Statement of Activities.	(152,134)
Governmental funds recognized pension contributions as expenditures at the time of payment whereas the Statement of Activities factors in items related to pensions on a full accrual perspective.	1,063,899
Delinquent property taxes receivable will be collected in subsequent years, but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred in the funds.	 84,968
Change in net position - governmental activities	\$ 2,582,044

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District operates under a school board form of government for the purpose of providing educational services to individuals within the District areas. The governing body consists of a seven member board elected by the voters of the District to serve four-year terms.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies.

#### A. Reporting Entity

The financial statements present the District and its component units. The District includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate from such. Component units are legally separate organizations for which the elected officials of the District are financially accountable and are included within the basic financial statements of the District because of the significance of their operational or financial relationships with the District.

The District is considered financially accountable for a component unit if it appoints a voting majority of the organization's governing body and it is able to impose its will on the organization by significantly influencing the programs, projects, activities, or level of services performed or provided by the organization, or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on, the District.

As a result of applying the component unit definition criteria above, it has been determined the District has no component units.

The student activity accounts of the District are under board control and are reported in the General Fund.

#### **Joint Venture**

A joint venture is a legal entity or other organization that results from a contracted agreement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control. The participants retain either an ongoing financial interest or an ongoing financial responsibility. The District participates in one joint venture. A description of this organization is included in Note 8.

#### **B.** Basic Financial Statement Information

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary funds. The fiduciary funds are only reported in the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position at the fund financial statement level.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **B.** Basic Financial Statement Information (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The District applies restricted resources first when an expense is incurred for a purpose for which both restricted and unrestricted net position is available. Depreciation/ amortization expense that can be specifically identified by function is included in the direct expenses of that function. Depreciation/ amortization expense relating to assets that serve multiple functions is presented as unallocated depreciation in the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. The effect of interfund activity has been removed from these statements.

Separate fund financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The custodial fund is presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

#### C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner.

#### 1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year-end. State revenue is recognized in the year to which it applies according to *Minnesota Statutes* and accounting principles generally accepted in the United States of America. *Minnesota Statutes* include state aid funding formulas for specific years. Federal revenue is recorded in the year in which the related expenditure is made. Other revenue is considered available if collected within 60 days.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus and Basis of Accounting (Continued)

#### 2. Recording of Expenditures

Expenditures are generally recorded when a liability is incurred. The exceptions to this general rule are that interest and principal expenditures in the Debt Service Fund, compensated absences and claims and judgments are recognized when payment is due.

The District applies resources in the following order when an expenditure is incurred for a purpose for which both restricted and unrestricted fund balances are available: restricted, committed, assigned, and unassigned.

#### **Description of Funds:**

#### Major Funds:

General Fund – This fund is the basic operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund – This fund is used to account for the accumulation of resources for, and payment of, general obligation (G.O.) bond principal, interest, and related costs.

#### Nonmajor Funds:

Food Service Special Revenue Fund – This fund is used to account for food service revenues and expenditures.

Community Service Special Revenue Fund – This fund is used to account for services provided to residents in the areas of community education, school readiness, early childhood and family education, or other similar services.

Building Construction Fund – Capital Projects – This fund is used to account for financial resources used for the acquisition or construction of major capital facilities authorized by bond issue.

#### Fiduciary Fund:

Custodial Fund – This fund is used to account for resources received and held by the District to be used in making scholarship awards, theater, concerts in the park, county conferences, and youth assistance programs.

#### D. Deposits and Investments

Cash and investments include balances from all funds that are combined and invested to the extent available in various securities as authorized by state law. Earnings from the pooled investments are allocated to the individual funds based on the average of month-end cash and investment balances.

.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Deposits and Investments (Continued)

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments held by investment pools are measured at amortized cost.

Cash and investments at June 30, 2022, were comprised of deposits, shares in the Minnesota School District Liquid Asset Fund (MSDLAF), shares in MNTrust MNTrust Term series, and brokered certificates of deposit. MSDLAF and MNTrust securities are valued at amortized cost, which approximates fair value

Minnesota Statutes requires all deposits be protected by federal deposit insurance, corporate surety bonds, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by Federal Deposit Insurance Corporation (FDIC) insurance or corporate surety bonds.

Minnesota Statutes authorizes the District to invest in obligations of the U.S. Treasury, agencies, and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the State of Minnesota or its municipalities, bankers' acceptances, future contracts, repurchase and reverse repurchase agreements, and commercial paper of the highest quality with a maturity of no longer than 270 days.

In accordance with GASB Statement No. 79, the various MSDLAF and MNTrust securities are valued at amortized cost, which approximates fair value. There are no restrictions or limitations on withdrawals from the MSDLAF or MNTrust. Investments in the MSDLAF MAX must be deposited for a minimum of 14 calendar days with the exception of direct investments of funds distributed by the State of Minnesota. Withdrawals prior to the 14-day restriction period may be subject to a penalty and there is a 24 hour hold on all requests for redemptions. Seven days' notice of redemption is required for withdrawals of investments in the MNTrust Term Series withdrawn prior to the maturity date of that series. A penalty could be assessed as necessary to recoup the Series for any charges, losses, and other costs attributable to the early redemption.

#### E. Property Tax Receivable

Current property taxes receivable are recorded for taxes certified the previous December and collectible in the current calendar year, which have not been received by the District. Delinquent property taxes receivable represent uncollected taxes for the past six years, and are deferred and included in the deferred inflows of resources section of the fund financial statements as unavailable revenue because they are not available to finance the operations of the District in the current year.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### F. Property Taxes Levied for Subsequent Year's Expenditures

Property taxes levied for subsequent year's expenditures consist principally of property taxes levied in the current year which will be collected and recognized as revenue in the District's following year to properly match those revenues with the budgeted expenditures for which they were levied. This amount is equal to the amount levied by the School Board in December 2021, less various components and their related adjustments as mandated by the state. These portions of that levy were recognized as revenue in fiscal year 2022. The remaining portion of the levy will be recognized when measurable and available.

#### G. Inventories

Inventories of commodities donated directly by the U.S. Department of Agriculture are recorded at market value. Other inventories are stated at cost as determined on a first-in, first-out (FIFO) basis. Inventories are recorded as expenditures when consumed rather than when purchased.

#### H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are recorded as an expenditure at the time of consumption.

#### I. Property Taxes

The District levies its property tax during the month of December. December 28 is the last day the District can certify a tax levy to the County Auditor. Such taxes become a lien on January 1. The property tax is recorded as revenue when it becomes measurable and available. Hennepin and Wright Counties are the collecting agency for the levy and remit the collections to the District three times a year. The Tax levy notice is mailed in March with the first half of the payment due on May 15 and the second half due on October 15. Delinquent collections for November and December are received the following January.

A portion of property taxes levied is paid by the State of Minnesota through various tax credits, which are included in revenue from state sources in the financial statements.

#### J. Capital Assets

Capital assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements.

Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at its acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets lives are not capitalized.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Capital Assets (Continued)

Capital assets are depreciated/ amortized using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration. Useful lives vary from 5 to 50 years for land improvements, buildings, machinery and equipment, and vehicles.

Capital assets not being depreciated or amortized include land and construction in progress. The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

#### K. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has two items that qualify for reporting in this category. Deferred outflows of resources related to pensions and deferred outflows of resources related to OPEB are reported in the government-wide Statement of Net Position. Deferred outflows of resources related to pensions is recorded for various estimate differences that will be amortized and recognized over future years. Deferred outflows of resources related to OPEB is recorded for various estimate differences that will be amortized and recognized over future years.

In addition to liabilities, the Statement of Financial Position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has four types of items which qualify for reporting in this category. The first item, unavailable revenue from property taxes, arises under a modified accrual basis of accounting and is reported only in the Governmental Funds Balance Sheet. Delinquent property taxes not collected within 60 days of year-end are deferred and recognized as an inflow of resources in the governmental funds in the period the amounts become available. The second item is property taxes levied for subsequent years, which represent property taxes received or reported as a receivable before the period for which the taxes are levied, and is reported as a deferred inflow of resources in both the government-wide Statement of Net Position and the Governmental Funds Balance Sheet. Property taxes levied for subsequent years are deferred and recognized as an inflow of resources in the government-wide financial statements in the year for which they are levied and in the governmental fund financial statements during the year for which they are levied, if available. Deferred inflows of resources related to pensions is recorded on the government-wide statements for various estimate differences that will be amortized and recognized over future years. Deferred inflows of resources related to OPEB is recorded on the government-wide statements for various estimate differences that will be amortized and recognized over future years.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Long-Term Obligations

In the government-wide financial statements long-term debt and other long term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### M. Compensated Absences

Certain District employees earn vacation days based on the number of completed years of service. Vacation is accumulated at various rates and maximum hours are capped at different amounts. Certain employees are compensated for unused vacation upon termination of employment.

Employees are entitled to paid sick leave at various rates for each month of full-time service. Employees are not compensated for unused sick leave upon termination of employment (sick pay is recorded as an expenditure when payment is made).

#### N. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis, and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015.

#### O. Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and injuries to employees for which the District carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three years. There were no significant reductions in the District's insurance coverage during the year ending June 30, 2022.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### P. Fund Equity

In the fund financial statements, governmental funds report various levels of spending constraints.

- Nonspendable Fund Balances These are amounts that cannot be spent because they are not in spendable form as they are legally or contractually required to be maintained intact and include prepaids and inventory.
- Restricted Fund Balances These amounts are subject to externally enforceable legal restrictions.
- Committed Fund Balances The government's highest level of decision making authority is the School Board. The formal action to establish, modify, or rescind a commitment must be made by the School Board.
- Assigned Fund Balances The School Board, by majority vote, may assign fund balances to be
  used for specific purposes when appropriate. The School Board also delegates the power to
  assign fund balances to the Superintendent or Business Manager.
- Minimum Fund Balance Policy The District will strive to maintain a minimum unassigned General Fund balance of 12% of operating expenditures.

#### O. Net Position

Net position represents the difference between assets and deferred outflows of resources; and liabilities and deferred inflows of resources in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide financial statement when there are limitations on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

#### R. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenditures/expense during the reporting period. Actual results could differ from those estimates.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### S. Budgetary Information

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the School Superintendent submits to the School Board, a proposed operating budget for the year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. The Superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the School Board.
- 3. Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue, and Debt Service Funds.
- 4. Budgets for the General, Special Revenue, and Debt Service Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- 5. Budgets are as originally adopted or as amended by the School Board. Budgeted expenditure appropriations lapse at year-end.

#### **NOTE 2 – DEPOSITS AND INVESTMENTS**

#### A. Deposits

In accordance with applicable *Minnesota Statutes*, the District maintains deposits at depository banks authorized by the School Board.

Custodial Credit Risk – Deposits: This is the risk that in the event of the failure of a depository financial institution, the District will not be able to recover deposits or collateral securities that are in possession of an outside party. The District has a policy that requires the District's deposits be collateralized as required by *Minnesota Statutes* for an amount exceeding FDIC, SAIF, BIF, or FCUA coverage. As of June 30, 2022, the District's bank balance was not exposed to custodial credit risk because it was insured and fully collateralized with securities held by the pledging financial institution's trust department or agent and in the District's name.

As of June 30, 2022, the District had the following pooled deposits:

Checking Certificates of deposit	\$ 652,826 499,500	
Total deposits	_\$ 1,152,326	

### NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

#### **B.** Investments

#### 1. District Governmental Funds Pooled

As of June 30, 2022, the District had the following pooled investments:

	 Fair Value	Less Than One Year	1	-2 Years	Moody's/S&P Ratings
MSDLAF - Liquid Class	\$ 3,609,971	\$ 3,609,971	\$	-	AAAm
MSDLAF - Max Class	5,923,454	5,923,454		-	AAAm
MNTrust IS Account Balance	865,299	865,299		-	AAAm
MNTrust Term Series	3,004,228	3,004,228		-	AAm
Brokered Certificates of Deposit	 727,824	486,648		241,176	N/A
Total investments	\$ 14,130,776	\$ 13,889,600	\$	241,176	

The District has the following recurring fair value measurements as of June 30, 2022:

• \$727,824 of investments are valued using significant other observable inputs (Level 2 inputs)

### C. Summary of Deposits and Investments

Deposits (Note 3.A.)

Summary of deposits and investments as of June 30, 2022:

Deposits (1000 5.11.)	Ψ 1,152,520
Petty cash	600
Investments (Note 3.B.)	14,130,776
Total deposits and investments	\$ 15,283,702
Deposits and investments are presented in the June 30, 2022, basic financial statements	as follows:
Statement of Net Position	
Cash and investments	\$ 15,252,315
Statement of Fiduciary Net Position	
Cash and investments - custodial fund	31,387

See Note 9 for discussion regarding the adjustment.

Depreciation/amortization expense for the year ended June 30, 2022, was charged to the following functions:

Administration	\$ 11,282
District support services	15,619
Elementary and secondary regular instruction	14,539
Special education instruction	571
Pupil support services	6,396
Sites and buildings	708,780
Community service	4,629
Unallocated	1,648,811
	·
Total depreciation/amortization expense	\$ 2,410,627

### **NOTE 4 – LONG-TERM DEBT**

### A. Components of Long-Term Liabilities

	Issue Date	Interest Rate	Original Issue	Final Maturity	Principal Outstanding	Due Within One Year
Long-term liabilities						
G.O. bonds, including						
Refunding bonds						
G.O. Bonds,						
series 2008C	07/01/08	3.10%-4.10%	\$ 980,000	02/01/24	\$ 165,000	\$ 80,000
G.O. School Refunding Bonds,						
series 2015A	04/08/15	3.00%-5.00%	13,140,000	02/01/25	4,485,000	1,430,000
G.O. School Building Bonds,						
series 2016A	02/18/16	2.75%-4.00%	62,900,000	02/01/36	54,785,000	1,555,000
G.O. Alternative Facilities						
Bonds, series 2017A	09/21/17	2.00%-3.00%	3,390,000	02/01/28	2,130,000	330,000
Total G.O. bonds					61,565,000	3,395,000
Premium on bonds payable					2,221,621	-
Financed purchase					188,869	188,869
Lease liability					13,790	13,618
Special assessments payable					368,000	18,400
Vacation payable					51,061	51,061
Total all long-term						
liabilities					\$ 64,408,341	\$ 3,666,948

The long-term bond liabilities listed above were issued to finance acquisition and construction of capital facilities or to refinance (refund) previous bond issues.

The bond obligations are paid from the Debt Service Fund. Other long term liability payments are paid from the General Fund.

### **NOTE 4 – LONG-TERM DEBT (CONTINUED)**

### **B.** Changes in Long-Term Liabilities

Long-term liabilities	Beginning Balance	Change in Accounting Principle	Additions	Reductions	Ending Balance
G.O. bonds	\$ 64,850,000	\$ -	\$ -	\$ 3,285,000	\$ 61,565,000
Premium on bonds payable	2,521,735	-	_	300,114	2,221,621
Financed purchase	458,084	-	-	269,215	188,869
Lease liability	-	29,129	-	15,339	13,790
Special assessments payable	386,400	-	-	18,400	368,000
Vacation payable	51,564		127,762	127,265	52,061
Total long-term					
liabilities	\$ 68,267,783	\$ 29,129	\$ 127,762	\$ 4,015,333	\$ 64,409,341

See Note 9 for discussion regarding the adjustment.

### C. Bond Payment Schedule

Minimum annual principal and interest payments required to retire bonds:

Year Ending		G.O. Bonds					
June 30,	Principal	Interest	Total				
2023	\$ 3,395,000	\$ 1,956,103	\$ 5,351,103				
2024	3,545,000	1,809,223	5,354,223				
2025	3,680,000	1,670,738	5,350,738				
2026	3,835,000	1,542,588	5,377,588				
2027	3,955,000	1,396,388	5,351,388				
2028-2032	22,450,000	5,150,505	27,600,505				
2033-2036	20,705,000	1,575,900	22,280,900				
Total	\$ 61,565,000	\$ 15,101,443	\$ 76,666,443				

### D. Financed Purchase from Direct Borrowing

On May 4, 2007, the District entered into a lease purchase agreement with CitiCapital for the acquisition of building improvements. The capital lease agreement includes monthly principal and interest payments of \$23,950 for each of the 15 years of the agreement.

#### NOTE 4 – LONG-TERM DEBT (CONTINUED)

#### **D.** Financed Purchase (Continued)

The future minimum lease obligations and the net present value of these minimum finance purchase payments are as follows:

Year Ending	Financed Pu	Financed Purchase From Direct Borrowing					
June 30,	Principal	Interest	Total				
2022	Ф. 100.060	Ф 22.442	Ф 212.212				
2023	\$ 188,869	\$ 23,443	\$ 212,312				

#### E. Lease Liability

On April 8, 2018, the District entered into a lease agreement for copiers. The obligation totaled \$71,220. This agreement includes monthly principal and interest payments of \$1,187 per month for 60 months.

On July 18, 2018, the District entered into a lease agreement for a postage machine. The obligation totaled \$10,395. This agreement includes monthly principal and interest payments of \$173 per month for 60 months.

Minimum annual principal and interest payments required to retire lease liabilities:

Year Ending	Lease Liability					
June 30,	Pri	Principal		erest		Total
2023 2024	\$	13,618 172	\$	331	\$	13,949 173
Total	\$	13,790	\$	332	\$	14,122

#### F. Special Assessment

The District is obligated to pay special assessments to the City of Delano for a watermain relocation. The minimum annual principal and interest payments required to retire the assessment are as follows:

### **NOTE 4 – LONG-TERM DEBT (CONTINUED)**

### F. Special Assessment (Continued)

Year Ending		Special Assessments					
June 30,	Principal	Interest	Total				
2023	\$ 18,400	\$ 11,741	\$ 30,141				
2024	18,400		29,589				
2025	18,400	10,638	29,038				
2026	18,400	10,086	28,486				
2027	18,400	9,534	27,934				
2028-2032	101,200	39,220	140,420				
2033-2037	119,600	21,965	141,565				
2038-2039	55,200	2,898	58,098				
Total	\$ 368,000	\$ 117,271	\$ 485,271				

#### **NOTE 5 – FUND BALANCES**

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties.

### NOTE 5 – FUND BALANCES (CONTINUED)

### **Fund Equity**

Fund equity balances are classified as follows to reflect the limitations and restrictions of the respective funds.

	General Fund	Debt Service Fund	Other Nonmajor Funds	Total
Nonspendable for				
Inventory	\$ 8,709	\$ -	\$ 39,255	\$ 47,964

#### NOTE 5 – FUND BALANCES (CONTINUED)

#### **Fund Equity (Continued)**

Nonspendable for Inventory – This balance represents fund balance that has already been spent as inventory.

Nonspendable for Prepaid Items – This balance represents fund balance that has already been spent as prepaid items.

Restricted/Reserved for Student Activities – This balance represents available resources to be used for the extracurricular activity funds raised by the students.

Restricted/Reserved for Scholarships – This balance represents available resources for the scholarship funds.

Restricted/Reserved for Staff Development – This balance represents unspent staff development revenues set aside from general education revenue that were restricted/reserved for staff development related to Finance Code 316. Expenditures for staff development must equal at least 2% of the basic general education revenue, unless legal stipulations are met (*Minnesota Statutes* 122A.61, subd. 1).

Restricted/Reserved for Operating Capital – This balance represents available resources in the General Fund to be used to purchase equipment and facilities.

Restricted/Reserved for Area Learning Center – This balance represents amounts restricted for students attending area learning centers. Each district that sends students to an area learning center must restrict an amount equal to the sum of 1) at lease 90 and no more than 100 percent of the district average General Education Revenue per adjusted pupil unit minus an amount equal to the product of the formula allowance according to *Minnesota Statutes* 126C.10, subd. 2, times .0466, calculated without basic skills revenue, local optional revenue, and transportation sparsity revenue, times the number of pupil units attending a state-approved area learning center, plus (2) the amount of basic skills revenue generated by pupils attending the area learning center. The amount restricted may only be spent on program costs associated with the area learning center.

Restricted/Reserved for Long-Term Facilities Maintenance (LTFM) – This balance represents available resources to be used for LTFM projects in accordance with the 10-year plan (*Minnesota Statutes* 123B.595, subd. 12).

Restricted/Reserved for Medical Assistance – This balance represents available resources to be used for medical assistance expenditures (*Minnesota Statutes* 125A.21, subd. 3).

Restricted for Debt Service – This balance represents the resources available for the payment of G.O. bond principal, interest, and related costs.

Restricted for Food Service – This balance represents the accumulation of the activity to provide the food service program.

#### NOTE 5 – FUND BALANCES (CONTINUED)

### **Fund Equity (Continued)**

Restricted for Community Service – This balance represents the positive fund balance of the Community Service Fund.

Restricted/Reserved for Community Education – This balance represents the resources available to provide programming such as: nonvocational, recreational and leisure time activities, programs for adults with disabilities, noncredit summer programs, adult basic education programs, youth development and youth service programming, early childhood and family education, and extended day programs.

Restricted/Reserved for Early Childhood and Family Education – This balance represents the resources available to provide for services for early childhood and family education programming.

Restricted/Reserved for School Readiness – This balance represents the resources available to provide for services for school readiness programs (*Minnesota Statutes* 124D.16).

Restricted/Reserved for Adult Basic Education – This account will represent the balance of carryover monies for all activity involving adult basic education. This would include all state aid and any grants or local funding used in support of ABE.

Committed for Separation/Retirement Benefits – This balance represents resources segregated from the unassigned fund balance for retirement benefits, including compensated absences, pensions, other post employment benefits (OPEB), and termination benefits (as defined in GASB Statements Nos. 16, 27, 45, 47 and 50 and *Minnesota Statutes* 123B.79, subd. 7).

Assigned for Donated Funds – This balance represents resources segregated from unassigned fund balance for different groups (athletics, media center, principals, etc.) who have done fundraising or receive donations for specific purposes.

Assigned for Student Activities Carryover – This balance represents resources segregated from unassigned fund balance for different student activities that have done fundraising or receive donations for specific purposes.

Assigned for Q Comp – This balance represents resources segregated from unassigned fund balances for unspent Q Comp dollars.

Assigned for Providing Transformative Learning Experiences – This balance represents resources segregated from unassigned fund balances for providing transformative learning experiences.

Net position restricted for other purposes on the Statement of Net Position are comprised of the total positive General Fund restricted fund balances and the total net position restricted for food service and community service.

#### NOTE 6 - DEFINED BENEFIT PENSION PLANS - STATE-WIDE

The District participates in various pension plans, total pension expense for the year ended June 30, 2022, was \$317,040. The components of pension expense are noted in the following plan summaries.

The General Fund and Community Service Fund typically liquidate the liability related to the pensions.

#### **Teachers' Retirement Association**

#### A. Plan Description

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with *Minnesota Statutes*, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those teachers employed by St. Paul Schools or Minnesota State Colleges and Universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through the Define Contribution Plan (DCR) administered by Minnesota State

#### **B.** Benefits Provided

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by *Minnesota Statute* and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

#### Tier I Benefits

Tier 1	Step Rate Formula	Percentage
Basic	First ten years of service	2.2% per year
	All years after	2.7% per year
Coordinated	First ten years if service years are up to July 1, 2006	1.2% per year
	First ten years if service years are July 1, 2006, or after	1.4% per year
	All other years of service if service years are up to July 1, 2006	1.7% per year
	All other years of service if service years are July 1, 2006, or after	1.9% per year

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Teachers' Retirement Association (Continued)**

#### **B.** Benefits Provided (Continued)

Tier I Benefits (Continued)

With these provisions:

- Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- 3% per year early retirement reduction factor for all years under normal retirement age.
- Unreduced benefits for early retirement under a Rule of 90 (age plus allowable service equals 90 or more).

#### Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members is applied. For years of service July 1, 2006, and after, a level formula of 1.9% per year for Coordinated members and 2.7% for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under *Minnesota Statute*. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree – no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

### **Teachers' Retirement Association (Continued)**

#### C. Contribution Rate

Per *Minnesota Statutes*, Chapter 354 sets the contribution rates for employees and employers. Rates for each fiscal year ended June 30, 2020, June 30, 2021, and June 30, 2022, were:

	June 30	June 30, 2020		June 30, 2021		June 30, 2022	
	Employee	Employer	Employee	Employer	Employee	Employer	
Basic	11.0%	11.92%	11.0%	12.13%	11.0%	12.34%	
Coordinated	7.5%	7.92%	7.5%	8.13%	7.5%	8.34%	

The following is a reconciliation of employer contributions in TRA's ACFR "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations. Amounts are reported in thousands.

Employer contributions reported in TRA's ACFR Statement of Changes in Fiduciary Net Position	\$ 448,829
Add employer contributions not related to future contribution efforts	379
Deduct TRA's contributions not included in allocation	(538)
Total employer contributions	448,670
Total non-employer contributions	37,840
Total contributions reported in Schedule of Employer and Non-Employer Allocations	\$ 486,510

Amounts reported in the allocation schedules may not precisely agree with financial statement amounts or actuarial valuations due to the number of decimal places used in the allocations. TRA has rounded percentage amounts to the nearest ten thousandths.

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Teachers' Retirement Association (Continued)**

#### D. Actuarial Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

### Key Methods and Assumptions Used in Valuation of Total Pension Liability

#### **Actuarial Information**

Valuation date July 1, 2021 Measurement Date June 30, 2021

Experience study June 5, 2019 (demographic assumptions)

November 6, 2017, (economic assumptions)

Actuarial cost method Entry Age Normal

Actuarial assumptions

Investment rate of return 7.00% Price inflation 2.50%

Wage growth rate 2.85% before July 1, 2028, and 3.25% thereafter

Projected salary increase 2.85% to 8.85% before July 1, 2028, and

3.25% to 9.25% thereafter

Cost of living adjustment 1.0% for January 2020 through January 2023, then

increasing by 0.1% each year up to 1.5% annually.

**Mortality Assumptions** 

Pre-retirement RP 2014 white collar employee table, male rates set back

six years and female rates set back five years. Generational projection uses the MP 2015 scale.

Post-retirement RP 2014 white collar annuitant table, male rates set back

three years and female rates set back three years, with further adjustments of the rates. Generational projections

uses the MP 2015 scale.

Post-disability RP 2014 disabled retiree mortality table, without

adjustment.

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Teachers' Retirement Association (Continued)**

#### D. Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

A GI	T	Long-Term Expected Real
Asset Class	Target Allocation	Rate of Return
Domestic equity	35.5 %	5.10 %
International equity	17.5	5.30
Private markets	25.0	5.90
Fixed income	20.0	0.75
Unallocated cash	2.0	0.00
Total	100.0 %	

The TRA actuary has determined the average of the expected remaining services lives of all members for fiscal year 2022 is six years. The "Difference Between Expected and Actual Experience," "Changes of Assumptions," and "Changes in Proportion" use the amortization period of six years in the schedule presented. The amortization period for "Net Difference between Projected and Actual Investment Earnings on Pension Plan Investments" is over a period of five years as required by GASB 68.

Changes in actuarial assumptions since the 2020 valuation:

• The investment return assumption was changed from 7.5% to 7.0%.

#### E. Discount Rate

The discount rate used to measure the total pension liability was 7.0%. The discount rate used to measure the total pension liability at the prior measurement date was 7.5%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2021 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Teachers' Retirement Association (Continued)**

#### F. Net Pension Liability

On June 30, 2022, the District reported a liability of \$9,111,455 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. District proportionate share was 0.2082% at the end of the measurement period and 0.2125% for the beginning of the year.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid and total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of net pension liability	\$ 9,111,455
State's proportionate share of the net pension	
liability associated with the District	768,587

For the year ended June 30, 2022, the District recognized pension expense of \$316,671. Included in this amount, the District recognized (\$8,606) as pension expense for the support provided by direct aid.

On June 30, 2022, the District had deferred resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 251,876	\$ 258,271
Net difference between projected and actual		
earnings on plan investments	-	7,617,904
Changes of assumptions	3,339,197	8,140,973
Changes in proportion	333,915	264,741
Contributions to TRA subsequent to the measurement date	1,063,841	<u> </u>
Total	\$ 4,988,829	\$ 16,281,889

### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Teachers' Retirement Association (Continued)**

#### F. Net Pension Liability (Continued)

The \$1,063,841 reported as deferred outflows of resources related to pensions resulting from District contributions to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023.

Other amounts reported as deferred outflows of resources and (deferred inflows of resources) will be recognized in pension expense as follows:

Pension
Expense
Amount
\$ (5,915,582)
(4,530,973)
(1,080,589)
(1,419,953)
590,196
\$ (12,356,901)

#### **G.** Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.0% as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percent lower (6.0%) and 1 percent higher (8.0%) than the current rate.

District proportionate share of NPL				
1% Decrease in	Current	1% Increase in		
Discount Rate	Discount Rate	Discount Rate		
(6.0%)	(7.0%)	(8.0%)		
\$ 18,405,582	\$ 9,111,455	\$ 1,489,529		

The District's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis, and Minneapolis School District.

### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Teachers' Retirement Association (Continued)**

#### H. Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That can be obtained at www.MinnesotaTRA.org, or by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000, or by calling (651) 296-2409 or (800) 657-3669.

#### **Public Employees' Retirement Association**

#### A. Plan Description

The District participates in the following cost-sharing multiple-employer defined benefit pension plan administered by PERA. PERA's defined benefit pension plan is established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code.

#### General Employees Retirement Plan

The General Employees Retirement Plan covers certain full time and part time employees of the District. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

#### **B.** Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1 the annuity accrual rate for a Coordinated Plan member is 1.2% for each of the first 10 years of service 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Public Employees' Retirement Association (Continued)**

#### **B.** Benefits Provided (Continued)

General Employees Plan Benefits (Continued)

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1.0% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

#### C. Contributions

*Minnesota Statutes* Chapter 353 set the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.5% of their annual covered salary in fiscal year 2022 and the District was required to contribute 7.5% for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2022, were \$319,639. The District's contributions were equal to the required contributions as set by state statute.

General Employees Fund Pension Costs

At June 30, 2022, the District reported a liability of \$2,464,048 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled \$75,168. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportionate share of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020, through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. The District's proportionate share was 0.0577% at the end of the measurement period and 0.0607% for the beginning of the period.

### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

### **Public Employees' Retirement Association (Continued)**

#### **D.** Pension Costs

General Employees Fund Pension Costs (Continued)

District's proportionate share of net pension liability	\$ 2,464,048
State of Minnesota's proportionate share of the net pension	
liability associated with the School	75,168
Total	\$ 2,539,216

For the year ended June 30, 2022, the District recognized pension expense of \$369 for its proportionate share of the General Employees Plan's pension expense. Included in this amount, the District recognized \$6,065 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At June 30, 2022, the District reported its proportionate share of deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	Resources	Resources
Differences between expected and actual economic experience	\$ 16,162	\$ 75,860
Changes in actuarial assumptions	1,504,497	57,611
Difference between projected and actual investments earnings	-	2,121,049
Change in proportion	44,381	159,778
Contributions paid to PERA subsequent to the measurement		
date	319,639	
Total	\$ 1,884,679	\$ 2,414,298

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Public Employees' Retirement Association (Continued)**

#### **D.** Pension Costs (Continued)

The \$319,639 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year	
Ended	Pension
June 30,	Expense
2023	\$ (116,488)
2024	(90,907)
2025	(59,814)
2026	(582,049)
Total	\$ (849,258)

#### E. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected Real Rate
Asset Class	Target Allocation	of Return
Domostio osvitu	25.5.0/	5 10 0/
Domestic equity International stocks	35.5 %	5.10 %
	17.5	5.30
Fixed income	20.0	0.75
Private markets	25.0	5.90
Total	100.0 %	

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

#### **Public Employees' Retirement Association (Continued)**

#### F. Actuarial Methods and Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5%. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5% was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25% for the General Employees Plan. Benefit increases after retirement are assumed to be 1.25% for the General Employees.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25% after one year of service to 3.0% after 29 years of service and 6.0% per year thereafter.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. The table is adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020, actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2021:

General Employees Fund

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.5% to 6.5% for financial reporting purposes.
- The mortality improvement scale was changed from scale MP-2019 to scale MP-2020.

Changes in Plan Provisions

• There have been no changes since the previous valuation.

#### **G.** Discount Rate

The discount rate used to measure the total pension liability in 2021 was 6.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in *Minnesota Statutes*. Based on these assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

**Public Employees' Retirement Association (Continued)** 

**Actuarial Methods and Assumptions (Continued)** 

#### H. Pension Liability Sensitivity

The following table presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate (5.5%)		Current Discount Rate (6.5%)		1% Increase in Discount Rate (7.5%)	
District's proportionate share of the PERA net pension liability	\$	5,025,401	\$	2,464,048	\$	362,302

### I. Pension Plan Fiduciary Net Position

Detailed information about the General Employees Fund's fiduciary net position is available in a separately-issued PERA financial report that includes the financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

#### NOTE 7 – POST EMPLOYMENT HEALTH CARE PLAN

#### A. Plan Description

The District provides a single-employer defined benefit health care plan to eligible retirees. The plan offers medical coverage. Medical coverage is administered by PIEP. It is the District's policy to periodically review its medical coverage, and to obtain requests for proposals in order to provide the most favorable benefits and premiums for District employees and retirees. No assets are acclimated in a trust.

#### **B.** Benefit Provided

Teachers who apply for early retirement shall remain eligible to receive certain health insurance benefits until the end of the school year in which the teacher becomes Medicare eligible. Full vesting of such amounts occurs upon attaining 56 years of age. The General Fund, Food Service Fund and Community Service Fund typically liquidate the Liability related to OPEB.

### NOTE 7 – POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

#### C. Members

As of July 1, 2020, the following were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	13
Active employees	281
Total	294

#### **D.** Contributions

Retirees contribute to the health care plan at the same rate as District employees. This results in the retirees receiving an implicit rate subsidy. Contribution requirements are established by the District, based on the contract terms with PIEP. The required contributions are based on projected pay-as-you-go financing requirements. For the year 2022, the District contributed \$283,393 to the plan.

#### E. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of July 1, 2020, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

#### Key Methods and Assumptions Used in Valuation of Total OPEB Liability

Discount Rate	2.10%
Salary increases	Service graded table
Inflation	2.50%
Healthcare cost trend increases	6.25% as of July 1, 2021, grading to 5.00% over
	5 years and then to 4.00% over the next 48 years
Mortality Assumption	Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2019 Generational Improvement Scale

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2020 – June 30, 2021.

The discount rate used to measure the total OPEB liability was 2.1% based on the 20-year municipal bond yield.

#### F. Total OPEB Liability

The District's total OPEB liability of \$4,099,847 was measured as of July 1, 2021 and was determined by an actuarial valuation as of that date.

### NOTE 7 – POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

### F. Total OPEB Liability (Continued)

Assumptions changes for the June 30 2022, addendum to the July, 2020 valuation.

• The discount rate was change from 2.40% to 2.10%.

Changes in the total OPEB liability are as follows:

	Total
	OPEB
	Liability
	(a)
Balances at July 1, 2021	\$ 3,859,261
Changes for the year	
Service cost	323,451
Interest cost	97,469
Assumption changes	64,116
Benefit payments	(244,450)
Net changes	240,586
ivet changes	240,360
Balances at June 30, 2022	\$ 4,099,847

#### H. OPEB Liability Sensitivity

The following presents the District's total OPEB liability calculated using the discount rate of 2.1% as well as the liability measured using 1% lower and 1% higher than the current discount rate.

	1%	Decrease in	Current		1% I		Increase in
	Di	scount Rate	Discount Rate (2.1%)		Rate I		scount Rate
		(1.1%)				(3.1%)	
			·	_	•		
Total OPEB liability	\$	4,367,051	\$	4,099,847		\$	3,839,667

The following presents the total OPEB liability of the district as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower and 1% higher than the current healthcare cost trend rates. The decrease in health care cost trend rates is over six years.

	19	% decrease	1%	6 decrease	1% decrease			
	(5.2)	25 decreasing	(6.2	5 decreasing	(7.	25 decreasing		
	to 4.0%)		1	to 5.0%)	to 6.0%)			
Total OPEB liability	\$	4,367,051	\$	4,099,847	\$	3,839,667		

#### NOTE 7 – POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

# I. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the District recognized OPEB expense of \$390,175. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		
Liability losses/gains Changes of assumptions Subsequent contributions	\$ 56,311 126,823 283,393	\$ 386,440 99,222	
Total	\$ 466,527	\$ 485,662	

\$283,393 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2021. Other amounts will be amortized in future years as follows:

Year Ending	
June 30,	
2023	\$ (30,745)
2024	(30,745)
2025	(30,745)
2026	(30,745)
2027	(30,745)
Thereafter	(148,803)
Total	\$ (302,528)

#### **NOTE 8 – COMMITMENTS**

#### **Joint Powers**

The District entered in to a joint powers agreement in February 1998 with Wright Technical Center No. 966 (WTC), a cooperative center for vocational education, between and among eight other independent school districts to finance the acquisition and betterment of the addition to the existing WTC facilities.

### **NOTE 8 – COMMITMENTS (CONTINUED)**

The addition was financed through capital lease agreements. Each participating district annually authorizes a leading levy to cover their allocated portion of the lease payment based on the formula set out in the joint powers agreement. Participating districts will also be apportioned operating costs and continuing costs for the addition based on the current cost. Separately issued basic financial statements can be obtained from Wright Technical Center, 1400 Highway 25 North Buffalo, Minnesota 55313-1936.

#### **Contract Commitments**

Commitments at June 30, 2022 include the following:

Contractor	C	Original Contract Amount		Work Completed as of 6/30/22		Amount Remaining on Contract	
Ban-Koe Companies	\$	125,432	\$	62,716	\$	62,716	

#### NOTE 9 – CHANGE IN ACCOUNTING PRINCIPLE

For the year ended June 30, 2022, the District implemented GASB Statement No. 87, Leases. This resulted in the District recognizing a leased asset and corresponding lease liability of \$29,129 as of July 1, 2021. GASB Statement No. 87, Leases, requires leases that were in effect prior to implementation year be recognized as if they were issues as of July 1, 2021. Due to this, there is no effect on the beginning net position of the District.

#### NOTE 10 – GASB STANDARDS ISSUED BUT NOT YET IMPLEMENTED

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* establishes that a Subscription-Based Information Technology Arrangement (SBITA) results in a right-to-use subscription asset and a corresponding liability. Under this statement, a governmental entity generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. This statement will be effective for the year ending June 30, 2023.

# Independent School District No. 879 Notes to the Required Supplementary Information

#### **TRA Retirement Fund**

#### 2021 Changes

Changes in Actuarial Assumptions

• The investment return assumption was changed from 7.5% to 7.0%.

### 2020 Changes

Changes in Actuarial Assumptions

- Assumed termination rates were changed to more closely reflect actual experience.
- The pre-retirement mortality assumption was changed to the RP 2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP 2015 scale.
- Assumed form of annuity election proportions were changed to more closely reflect actual experience for female retirees.

#### 2019 Changes

Changes in Actuarial Assumptions

• None

#### 2018 Changes

Changes in Actuarial Assumptions

- The discount rate was increased to 7.5% from 5.12%.
- The cost of living adjustment (COLA) was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% on January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019, and ending July 1, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to 0.0% beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers was reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next six years (7.71% in 2018, 7.92% in 2019, 8.13% in 2020, 8.34% in 2021, 8.55% in 2022, and 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

# Independent School District No. 879 Notes to the Required Supplementary Information

### **TRA Retirement Fund (Continued)**

#### 2017 Changes

Changes in Actuarial Assumptions

- The discount rate was increased to 5.12% from 4.66%.
- The cost of living adjustment (COLA) was assumed to increase from 2.0% annually to 2.5% annually on July 1, 2045.
- The COLA was not assumed to increase to 2.5% but remain at 2.0% for all future years.
- Adjustments were made to the combined service annuity loads. The active load was reduced from 1.4% to 0.0%, the vested inactive load increased from 4.0% to 7.0% and the non-vested inactive load increased from 4.0% to 9.0%.
- The investment return assumption was changed from 8.0% to 7.5%.
- The price inflation assumption was lowered from 2.75% to 2.5%.
- The payroll growth assumption was lowered from 2.5% to 3.0%.
- The general wage growth assumption was lowered from 3.5% to 2.85% for ten years followed by 3.25% thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.

#### 2016 Changes

Changes in Actuarial Assumptions

- The discount rate was decreased to 4.66% from 8.0%.
- The COLA was not assumed to increase for funding or the GASB calculation. It remained at 2% for all future years.
- The price inflation assumption was lowered from 3% to 2.75%.
- The general wage growth and payroll growth assumptions were lowered from 3.75% to 3.5%.
- Minor changes as some durations for the merit scale of the salary increase assumption.
- The pre-retirement mortality assumption was changed to the RP 2014 white collar employee table, male rates set back six years and female rates set back five years. Generational projection uses the MP 2015 scale.
- The post-retirement mortality assumption was changed to the RP 2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP 2015 scale.
- The post-disability mortality assumption was changed to the RP 2014 disabled retiree mortality table, without adjustment.
- Separate retirement assumptions for members hired before or after July 1, 1989, were created to better reflect each group's behavior in light of different requirements for retirement eligibility.
- Assumed termination rates were changed to be based solely on years of service in order to better fit the observed experience.
- A minor adjustment and simplification of the assumption regarding the election of optional form of annuity payment at retirement were made.

#### 2015 Changes

Changes of Benefit Terms

• The DTRFA was merged into TRA on June 30, 2015.

# **Independent School District No. 879 Notes to the Required Supplementary Information**

### **TRA Retirement Fund (Continued)**

### 2015 Changes

Changes in Actuarial Assumptions

• The annual COLA for the June 30, 2015, valuation assumed 2%. The prior year valuation used 2% with an increase to 2.5% commencing in 2034. The discount rate used to measure the total pension liability was 8.0%. This is a decrease from the discount rate at the prior measurement date of 8.25%.

#### **General Employees Fund**

#### 2021 Changes

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.5% to 6.5% for financial reporting purposes.
- The mortality improvement scale was changed from scale MP-2019 to scale MP-2020.

#### Changes in Plan Provisions

• There have been no changes since the prior valuation.

#### 2020 Changes

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.5% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.0%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019, experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019, experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changes as recommended in the June 30, 2019, experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019, experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the Pub-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint and Survivor option changed from 35% to 45%. The assumed number of married female new retires electing the 100% Joint and Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

#### Changes in Plan Provisions

• Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023, and 0.0% thereafter. Augmentation was eliminated for privatizations occurring after June 30, 2020.

#### 2019 Changes

Changes in Actuarial Assumptions

• The mortality projection scale was changed from MP-2017 to MP-2018.

#### **General Employees Fund (Continued)**

#### 2019 Changes (Continued)

Changes in Plan Provisions

• The employer supplemental contribution was changed prospectively, decreasing from \$31 million to \$21 million per year. The State's special funding contribution was changes prospectively, requiring \$16 million due per year through 2031.

#### 2018 Changes

Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.0% per year through 2044 and 2.5% per year thereafter to 1.25% per year.

#### 2018 Changes (Continued)

Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.0% to 3.0%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.0%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.0% per year with a provision to increase to 2.5% upon attainment of 90% funding ratio to 50% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.5%, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches Normal Retirement Age. Does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

#### 2017 Changes

Changes in Actuarial Assumptions

- The CSA loads were changed from 0.8% for active members and 60% for vested and non-vested deferred members. The revised CSA loads are now 0.0% for active member liability, 15% for vested deferred member liability and 3% for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5% per year thereafter.

#### Changes in Plan Provisions

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The State's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

#### **General Employees Fund (Continued)**

#### 2016 Changes

Changes in Actuarial Assumptions

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, the inflation was decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

#### Changes in Plan Provisions

• There have been no changes since the prior valuation.

#### 2015 Changes

Changes in Actuarial Assumptions

• The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5% per year thereafter.

#### Changes in Plan Provisions

• On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6.0 million, which meets the special funding situation definition, was due September 2015.

#### Post Employment Health Care Plan

#### 2022 Changes

Changes in Actuarial Assumptions

• The discount rate was changed from 2.40% to 2.10%.

#### 2021 Changes

Changes in Actuarial Assumptions

- The health care trend rates, mortality tables, and salary increase rates were updated.
- The discount rate was changed from 3.10% to 2.40%.

#### 2020 Changes

Changes in Actuarial Assumptions

- The discount rate was changed from 3.10% to 2.4%.
- The health care trend rates were changed to better anticipate short term and long-term medical increases.
- The mortality tables were updated from the RP-2014 White Collar Mortality Tables with MP-2017 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2019 Generational Improvement Scale.
- The salary increase rates were changed from a flat 3.00% per year for all employees to rates which vary by service and contract group.

#### 2019 Changes

Changes in Actuarial Assumptions

• The discount rate was changed from 3.50% to 3.10%.

#### 2018 Changes

Changes in Actuarial Assumptions

- The health care trend rates were changed to better anticipate short term and long term medical increases.
- The mortality tables were updated from the RP-2014 White Collar Mortality Tables with MP-2015 Generational Improvement Scale to the RP-2014 White Collar Mortality Tables with MP-2017 Generational Improvement Scale.
- The discount rate was changed from 3.40% to 3.50%.
- The trend on the Medicare Supplement Rate was changed from the health care trend rates to 4% per year.
- The percentage of future retirees not eligible for a subsidy who are assumed to continue on one of the District's medical plans post-employment was decreased from 50% to 40%.
- The percentage of future spouses eligible for a subsidy who are assumed to continue on one of the District's medical plans after their spouses' retirement was increased from 15% to 25%.

#### 2017 Changes

Changes in Actuarial Assumptions

• Changes of assumptions and other inputs reflect a change in the discount rate from 3.0% in 2016 to 3.4% in 2017.

## Independent School District No. 879 Notes to the Schedule of Expenditures of Federal Awards

#### NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in, the preparation of the modified accrual basis financial statements.

#### **NOTE 2 – PASS-THROUGH GRANT NUMBERS**

All pass-through entities listed above use the same Assistance Listing numbers as the federal grantors to identify these grants and have not assigned any additional identifying numbers.

#### **NOTE 3 – INVENTORY**

Inventories of commodities donated by the U.S. Department of Agriculture are recorded at market value in the Food Service Fund as inventory. Revenue and expenditures are recorded when commodities are used.

#### **NOTE 4 – INDIRECT COST RATE**

The District did not elect to use the 10 percent de minimis indirect cost rate, as allowed under the Uniform Guidance.

## Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

#### **Independent Auditor's Report**

To the School Board Independent School District No. 879 Delano, Minnesota

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 879, Delano, Minnesota, as of and for the year ending June 30, 2022, and the related notes to basic financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 10, 2022.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control as described in the accompanying Schedule of Findings and Questioned Costs in Accordance with the Uniform Guidance that we consider to be a significant deficiency, Audit Finding 2022-001.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### District's Response to the Finding

The District's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs in Accordance with the Uniform Guidance. The District's response was not subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on the response.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Minneapolis, Minnesota November 10, 2022

#### Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance Required by the Uniform Guidance

#### **Independent Auditor's Report**

To the School Board Independent School District No. 879 Delano, Minnesota

#### Report on Compliance for Each Major Federal Program

#### **Opinion on Each Major Federal Program**

We have audited the District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the District's major federal program for the year ended June 30, 2021. The District's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Ouestioned Costs.

In our opinion, Independent School District No. 879 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District 's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
  design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the District's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered necessary
  in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report
  on internal control over compliance in accordance with the Uniform Guidance, but not for the
  purpose of expressing an opinion on the effectiveness of the District's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

#### **Report on Internal Control over Compliance (Continued)**

Our consideration of internal control over compliance was for the limited purpose described in Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliances is soley to describe the scope of our audit testing of internal control over compliance and the reults of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Dollar threshold used to distinguish between

type A and type B programs: \$750,000

Auditee qualified as low risk auditee?

#### Independent School District No. 879 Schedule of Findings and Questioned Costs in Accordance with the Uniform Guidance

#### SECTION II – FINANCIAL STATEMENT FINDINGS

#### **Audit Finding 2022-001**

#### Criteria or Specific Requirement:

Internal control that supports the District's ability to initiate, record, process and report financial data consistent with the assertions of management in the financial statements requires adequate segregation of accounting duties.

#### Condition:

The District does not have adequate segregation of accounting duties.

#### Context:

This finding impacts the internal control for all significant accounting functions.

#### Effect or Potential Effect:

The lack of adequate segregation of accounting duties could adversely affect the District's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

#### Cause:

There are a limited number of office employees.

#### Recommendation:

Continue to review the accounting system, including changes that may occur. Implement segregation whenever practical.

Management's Response:

#### **CORRECTIVE ACTION PLAN (CAP):**

## 1. Explanation of Disagreement with Audit Finding There is no disagreement with the audit finding.

#### 2. Actions Planned in Response to Finding

Administration will examine current segregation of accounting duties and identify areas of concern. As these areas are identified, Administration will develop policies that will address and mitigate such potential problems while working within current financial constraints. Specific areas of greatest concern will be identified first and then addressed, followed up by policies with a plan to reduce the risk of problems. Specifics will be noted in the policies as they are brought before the School Board. An individual who is responsible for the implementation of the specific control will be named, as well as information on how the control added will potentially reduce risk of possible misstatement in the basic financial statements. As areas are addressed, other areas will be examined and corrected whenever possible.

#### Independent School District No. 879 Schedule of Findings and Questioned Costs in Accordance with the Uniform Guidance

#### **CORRECTIVE ACTION PLAN (CAP): (Continued)**

Management's Response: (Continued)

#### 3. Official Responsible for Ensuring CAP

Matthew Schoen, Superintendent, is the official responsible for ensuring corrective action of the deficiency.

#### 4. Planned Completion Date for CAP

#### **Minnesota Legal Compliance**

#### **Independent Auditor's Report**

To the School Board Independent School District No. 879 Delano, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 879, Delano, Minnesota, as of and for the year ended June 30, 2021, and the related notes to basic financial statements, and have issued our report thereon dated November 10, 2022.

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for school districts sections of the Minnesota Legal Compliance Audit Guide for School Districts, promulgated by the State Auditor pursuant to *Minnesota Statutes* § 6.65, insofar as they relate to accounting matters. However, our audit as not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the result of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

Minneapolis, Minnesota November 10, 2022
