625 NATIONAL CONTESTS

I. GENERAL STATEMENT OF POLICY

It shall be the policy of the Delano School District to provide support for individual students and teams who are engaged in officially sponsored school competition. However, the district's responsibility will be limited to paying for food, room and registration expenses associated with the event. A uniform method of transportation will be determined by the coach, supervisor or director and this method must be taken by the team. Students will be responsible for their own travel expenses. The school may assist students who wish to do fund-raising to offset the cost.
