10. Administrative Reports

A. Superintendent

M. Schoen shared two goals of the the Year 4 Technology Workplan. First, to utilize the district TIES membership to help grow staff through professional development opportunities. He stated that the digital age has increased the needs of the teachers and TIES provides a variety of opportunities. M. Schoen added that the district will assess the TIES membership and workshop attendance in August 2017. Secondly, M. Schoen expressed that the district would like to offer the opportunity for staff to utilize a Learning Management System. He added that district groups will define criteria, evaluate different systems, look at pros/cons and develop a proposal for a districtwide Learning Management System. M. Schoen stated it would be optimal to have one that collaborates with a Google platform. M. Schoen expressed that the campus is beginning to look different in the northwest corner as trees have been removed and the land is being prepared for the water main to be moved. He added that the elementary expansion should be complete by end of December and community education projects are delayed due to logistical issues with the elevator pit. M. Schoen stated that the soccer field and stadium field are almost prepared for installation of turf in the spring. M. Schoen said the bid for the secondary building redesign will be approved tonight.

B. Principals:

1. Mr. Voight

B. Voight shared an update on the middle school site improvement plan. He stated that many efforts revolve around student interventions. In 5th grade, teachers are conducting reading interventions during Tiger Time, in 6th grade there are two reading and two math intervention groups and the reading interventionist is working with 7th and 8th graders. He added that 23 students have received reading services to address needs now instead of waiting for high school. B. Voight reported that T. Spanier oversees an extended math support class. T. Spanier worked with 29 students, used FAST test to assess students and 19 students improved, 12 students showed significant growth and 7 students achieved their benchmarks to graduate from this class. B. Voight stated that these students/parents have chosen to stay through second trimester and new students were added to the extended math class as well. B. Voight stated that they are working on school climate which includes study assessment tools. He added that two specific measurement tools are being analyzed and one will be chosen for this year. A. Johnson asked about sustaining math support class. B. Voight stated that it is subject to available staff.

2. Dr. Heil

S. Heil reported that 98 students took the PSAT test which is the prequalifying test for National Merit Scholarships. He added that planning for 2017-2018 Registration has begun and parent/student meetings regarding earning college credit in high school will be held on January 9 and 12. S.
